**Finance Committee Report**  
**Annual Town Meeting**  
**May 2, 2011**

The Finance Committee has reviewed the proposed Town of Stow (“Town” or “Stow”) budget for the upcoming fiscal year, which runs from July 1, 2011 through June 30, 2012 (“FY 2012”). Similar to the past few years, we believe that, despite the recent economic difficulties, the Town can maintain a mostly level services budget without requiring a Proposition 2½ override or draining our reserves.

The Town’s ability to balance the budget without requiring an override, despite very little new growth and even potentially more cuts in state aid, can be attributed to a number of factors. On the income side, our FY 2011 budget left a significant amount of unused levy capacity and there is a debt exclusion associated with the Center Expansion. Further, Stow has a very small reliance on state aid. Therefore, cuts in aid have a muted effect. On the expense side, the schools and the Town have put together largely level services budgets with little to no cost-of-living increases.

However, the ability to not need an override is only part of the story. What determines the tax rate for residents and businesses, beyond their individual assessments, are the expenses approved at Town Meeting, partially offset by the money taken in from other revenue sources, such as local receipts and state aid.

It should be noted that, despite the trim level services budgets submitted by the schools and the Town, the FY 2012 budget does include almost \$1.1 Million in additional expenses from FY 2011. That translates into a 4.95% increase in expenditures in FY 2012. The composition of this increase will be broken down below, but many of these cost drivers causing this increase were either foreseen (Center Expansion) or have almost become commonplace (healthcare costs). Also, approximately \$200,000 of the increase is due to an increase in capital requests over FY 2011.

**INCOME**

Stow’s sources of income include property taxes (overwhelmingly residential), local receipts, state aid, and free cash, which are unrestricted funds remaining from the previous year.

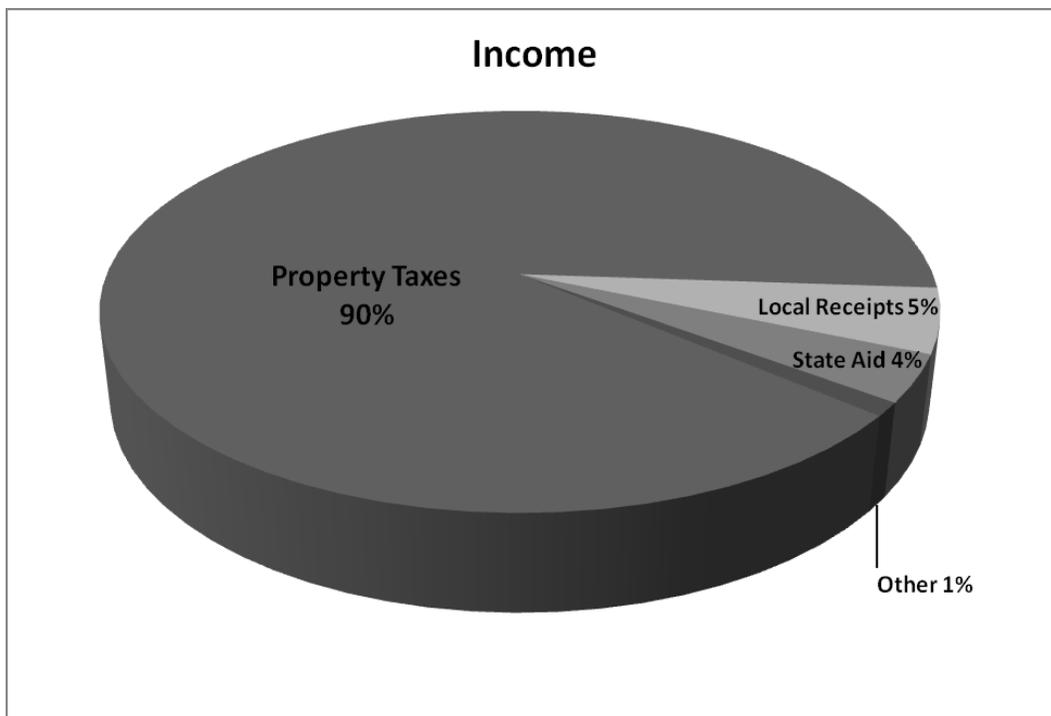

State aid of \$895,945 includes \$542,576 of school building assistance associated with the Hale School, which is directly offset by the debt service associated with the Hale construction many years ago. Excluding this building assistance, state aid is only approximately \$350,000. Though the current budget projection shows about a 7% decrease in state aid (not including the aforementioned school building assistance), this decrease should be taken in context. Excluding the state aid from building assistance, state aid only comprises 1.5% of Stow’s budget, one of the lowest levels in the state. Despite the clear negative implication that Stow may not be receiving the Town’s fair share of aid, Stow is much more shielded than other towns from the recessionary effects of the state’s revenue sources of sales and income taxes. This perceived benefit has certainly manifested itself in the last few budgets for Stow when compared to the fiscal difficulty many neighboring towns have been experiencing.

Local receipts, which make up approximately 5% of the budget, are expected to increase only modestly for FY 2012. Automobile excise taxes, which are heavily influenced by new car purchases, make up a majority of the local receipt income. The economic downturn has certainly taken a toll on this revenue source, which had decreased by about 20% over the last few years.

Combined, the decreases in state aid and local receipts since FY 2009 have amounted to almost \$500,000. The end result is that property taxes have gone from comprising about 85% of Stow's budget in 2009 to a projected 90% in 2012.

Although the current budget shows an allowable 10% increase in property taxes (approximately \$2 Million), this is merely reflective of Stow's levy capacity without requiring an override. It is important to note that the actual amount in property taxes to be raised in FY 2012 will be set in the fall when the Town must balance its revenue and expenditures in setting the tax rate. Only the actual amount appropriated for expenditure by Town Meeting will be raised in taxes. Therefore, when factoring in the projected surplus of \$926,892 in the FY 2012 budget, the estimated increase in taxes is approximately 5.4%.

The large allowable increase in property taxes can be attributed to a large amount of unused levy capacity in FY 2011 (about \$1 Million), the allowable Proposition 2½ increase of about \$480,000, a small amount of projected new growth of \$275,000 and about \$315,000 in debt exclusions (Center School expansion).

**EXPENSES**

Education accounts for the majority of the Town budget. Together, the Nashoba Regional School District (“NRSD”) assessment of \$13,194,166 and the Minuteman Career and Technical High School assessment of \$746,981 make up 61% of Town expenditures.

Municipal, which includes all of the town provided services, makes up 24% or \$5.4 Million of the budget. The largest departments within municipal are Police, Highway and Fire.

With the Center Expansion related bond payments in FY 2012, debt service increases from about 6% to over 7% of the total FY 2012 budget.

Increases in the proposed FY 2012 budget amount to \$1,077,662, or 4.95%. The major drivers of this increase include debt service (about \$360,000, or 33% of the increase), capital requests (about \$190,000, or 17% of the increase) the NRSD budget (about \$180,000, or 17% of the increase), the Minuteman Regional School District (“Minuteman”) budget (about \$140,000, or 13% of the increase) and increases in health insurance (about \$90,000, or 8% of the increase).

**Breakdown of the budget increase:**

Town Debt Service	\$	359,503
Capital Requests		186,534
Nashoba Regional		179,526
Minuteman Regional		137,554
Group Insurance		88,305
Other		117,774
<b>FY 2012 Budget Increase</b>	<b>\$</b>	<b>882,662</b>

The increase in debt service of about \$360,000 can of course be attributed to the first large debt payment coming due on the Center Expansion. The Center Expansion debt service will actually be almost \$500,000 in FY 2012, meaning it will account for about 2% of our overall budget. Though Stow’s Treasurer has been aggressively taking advantage of a favorable interest rate environment, there are still additional costs to be bonded and the Town will see an additional significant increase here in FY 2013. The total debt service once the project is completed will depend greatly on the prevalent interest rate at the time the project costs are bonded and could range from anywhere between \$1.2 Million per year to \$1.5 Million per year. Nevertheless, it should be noted that the overall costs of the project may be as much as \$5 Million less than originally anticipated, the savings of which will be shared between the Town and the Massachusetts School Building Authority.

The NRSD assessment, by far the largest line item in our budget, increased 1.4% or about \$180,000 in FY 2012. Though the NRSD budget is largely a level services budget, it includes some position consolidations, but not any major program cuts or significant layoffs. It also does not include any cost of living adjustments for the NRSD staff. As the teacher contract is currently being negotiated, it remains to be seen how this will play out. Nevertheless, NRSD will only receive the assessment amount voted on by Town Meeting. Despite some cuts in expenses, the NRSD assessment is increasing by 1.4% largely due to rising health care costs, coupled with the fact that the FY 2011 budget included some one-time Federal stimulus funds. As with the previous year, NRSD will be relying on more Excess and Deficiency funds than they have relied on in past years.

The Minuteman assessment will see a significant increase in FY 2012 (23% or about \$138,000). This increase is not a result of rising expenses at Minuteman, as Minuteman's budget, similar to NRSD's budget, is largely a level services budget with some staff reductions. In fact, the Minuteman overall budget will only increase about 1% in FY 2012. It also should be noted that Minuteman had a significant budget decrease in FY 2011, reducing expenses by about 7%. The driver for the increase in FY 2012 is due to an increase in enrollment. Still, the average cost per pupil has gone down over the last several years. It should also be noted that Minuteman is in the process of doing a feasibility study (voted on in last year's Town Meeting) on a possible (and significant) building renovation. In connection with that project, Minuteman is also re-examining the existing Minuteman Regional Agreement amongst the 16 member towns.

Rising health care costs not only play a large role in the school budgets, but are also the biggest reason for the 3.4% increase in the Municipal portion of the FY 2012 budget, accounting for almost half of that increase. The FY 2012 budget also includes 1% cost of living increases for Town employees (FY 2011 had a 2% cost of living increase). This accounts for only \$32,000 of the FY 2012 increase.

### **CAPITAL REQUESTS**

As of late March, capital articles total approximately \$563,000, a 50% increase over FY 2011. \$200,000 of this is for a land purchase for the cemetery. Replacement and new equipment accounts for about \$175,000 of the capital requests, including \$50,000 for a new diesel exhaust system for the Fire Department, \$40,000 for a new dump trunk/sander for the Highway Department, \$37,000 for a new grader for the highway department and \$33,000 for a new cruiser for the Police Department. Building repairs account for \$144,000 of the capital articles and include \$100,000 for a new roof for the library, \$29,000 for improvements to the town building water treatment system and \$15,000 for repairs to the dog kennel. There is also a capital article of \$43,334 for Lower Village engineering plans.

These capital expenditures are proposed to be paid for through a combination of free cash (\$200,000) and tax levy income, in order to avoid borrowing.

### **COMMUNITY PRESERVATION**

For FY 2012 there are no designated expenditures from the Community Preservation Fund. Though there are none in FY 2012, these expenditures are directly offset by an allocation of revenue previously raised through the CPC excise tax, plus available state matching funds. Therefore, they generally have no direct effect on the budget.

### **STORED ASSETS**

As usual, the Finance Committee proposes the Town vote to move \$50,000 from Free Cash to the Stabilization Fund this year. This is part of the Town's attempt to rebuild its financial reserves over time. Free Cash and the Stabilization Fund are considered the Town's stored assets. These reserves are not only important to have on hand for "rainy day" purposes, but are also a significant factor in determining our cost of borrowing, or the interest rate on Town debt. Free Cash for FY 2011 was certified at approximately \$778,000 and the Town's Stabilization Fund balance is approximately \$650,000. The combined \$1.43 Million is about 6.3% of the FY 2012 budget and is at a 10-year high for the Town, which is very timely as the Town bonds the costs associated with the Center School expansion.

## **BOTTOM LINE**

There remain a number of concerns both inside and outside of the FY 2012 budget, some perennial, some difficult or impossible to change, and some perhaps just a result of the recent economic times. Stow's tax base remains overwhelmingly residential. Though this lack of diversification has actually benefited the Town slightly in these tough economic times, it is during economic "boom" years when this hurts Stow vs. the tax rate of some neighboring towns. As a result, Stow will continue to have one of the highest tax rates in the state. NRSD, which accounts for almost 60% of the budget, has seen an increasing reliance over the last few budget cycles on Excess and Deficiency funds. Though the use is expected during recessionary periods, it is not a sustainable revenue source by any measure and would need to be made up by either lowering expenses, through an increase in state aid or through an increase in the assessment (i.e. property taxes). Further, FY 2011 was the last year of the existing contract between NRSD and the union that represents the teachers. As of late March, the new contract was still being negotiated and therefore many of the biggest drivers that affect the NRSD budget for both FY 2012 and in the years to come remain unknown. Health care costs continue to rise, often by double-digit percentages, and there continue to be concerns surrounding pension costs. There is no immediate end in sight for these increases.

Nevertheless, despite a growing population, the Town departments have for the most part submitted practical budgets and have been able to get by without any additional resources. The past two assessments from NRSD have been held to an average increase of about 1%. Though Minuteman's assessment is increasing substantially this year, the reason is Stow's enrollment, not Minuteman's budget. Also, it should be noted that, due to enrollment, Stow's Minuteman assessment had decreased substantially in the previous fiscal year. The schools were able to accomplish this, despite their own substantial increases to benefit costs.

The FY 2012 budget largely reflects the reality of the first big bills coming due on the Center Expansion, coupled with the rising costs of healthcare and retirement costs. Despite this, it should be noted that the costs of the Center Expansion are currently under what was originally forecast and voted on in Town Meeting.

As a Town, Stow has weathered these difficult economic times rather well due to a number of factors, including sensible planning and management. Nevertheless, the economy has no doubt taken a toll on the Town's tax base, whose ability to absorb additional increases may have been severely curtailed by both the recession, as well as the planned Center Expansion. This budget attempts to balance what is the reality of our existing expenses, with the reality of what the tax base may be able to absorb. That balance of course is ultimately determined at Town Meeting.

### Appendix A: Reserve Fund Transfer Details

The Finance Committee is a standing committee of Town Meeting; and the committee's main role in Stow is to review town meeting warrant articles and make recommendations to the voters, with special emphasis on the financial aspects of each article.

The Finance Committee also administers Stow's Reserve Fund, which is used for unexpected or emergency expenses during the fiscal year. For the past several fiscal years, \$70,000 has been put into the Reserve Fund. Unexpended funds each year return to the Town's General Fund as Free Cash, for use in the following fiscal year.

The following table shows all Reserve Fund transfers since the 2009 annual warrant report. As the chart shows, there were unusually few reserve fund transfer requests so far this year.

<b>Date</b>	<b>Description</b>	<b>Amount</b>

The Selectmen and Finance Committee voted to approve deficit spending for the Snow and Ice account this winter. At this town meeting, there is a warrant article to remove the deficit in the current year and balance the budget.

**Article 24. Stow Cultural Council**

(CONSENT CALENDAR)

To see if the Town will vote to raise and appropriate, or appropriate and transfer from available funds, the sum of Three Thousand Five Hundred Dollars (\$3,500), or any other sum, to be added to any balance remaining from previous appropriations, to produce cultural activities and programming in Stow, including Two Thousand Dollars (\$2,000) of these funds to be used to support SpringFest activities; or take any other action relative thereto.

**Article 25. Planning Board Engineering/Consulting and Master Plan Expenses**

(CONSENT CALENDAR)

To see if the town will vote to raise and appropriate, or appropriate and transfer from available funds, the sum of Two Thousand Dollars (\$2,000), or any other sum, to be added to any balance remaining and previously appropriated for this purpose, to be expended by the Planning Board for Planning Board engineering/consulting services and master plan expenses; or take any other action relative thereto.

(Town Administrator)

*The Finance Committee recommends approval of this article. This annual appropriation will be used to fund necessary legal services in FY12.*

**Article 28. Police Officer and Firefighter Medical Payments**

(CONSENT CALENDAR)

To see if the Town will vote to raise and appropriate, or appropriate and transfer from available funds, the sum of One Thousand Dollars (\$1,000), or any other sum, to be added to any balance remaining and previously appropriated, in anticipation of possible claims presented to the Town under the provisions of Massachusetts General Law Chapter 41, Section 100, for the payment of medical and other allowable expenses incurred by police officers or firefighters injured in the performance of and within the scope of duty; or take any other action relative thereto.

*The Finance Committee recommends approval of this article. This will fund the so-called “reverse 911” system used for important notifications to the town.*

**Article 31. Lake Boon Water Quality Remediation**

(CONSENT CALENDAR)

To see if the Town will vote to raise and appropriate, or appropriate and transfer from available funds, the sum of Ten Thousand Dollars (\$10,000), or any other sum, to be expended under the direction of the Lake Boon Commission, for the purpose of weed control; or take any other action relative thereto.  
(Lake Boon Commission)

*The Finance Committee recommends approval of this article. These funds will be used to help keep the lake clear of invasive weeds, and is part of a multi-year program for lake maintenance. The town recently expended a large sum of Community Preservation Act funds to restore the quality of the lake, but CPA funds cannot be used for continuing maintenance. As is normal for Lake Boon articles, this article is for 2/3 of the total cost, with Hudson being asked for 1/3.*

**Article 32. Transfer From Overlay Surplus to Snow & Ice Account**

(CONSENT CALENDAR)

To see if the Town will vote to appropriate and transfer the sum of Thirty-three Thousand Nine Hundred Thirty-one Dollars and Fourteen Cents (\$33,931.14) from the Town’s Fiscal Year 2010 Overlay Surplus Account to the Town’s Fiscal Year 2011 Snow and Ice Account; or take any other action relative thereto.

(Treasurer-Collector)

*Our committee supports increasing the Town’s Stabilization fund because the Stabilization fund is our ultimate rainy day fund. This transfer is part of a multi-year effort to build the fund in a gradual and responsible way.*

**Article 34. Veterans’ Benefits**

(CONSENT CALENDAR)

To see if the Town will vote to raise and appropriate, or appropriate and transfer from available funds, the sum of Four Thousand Five Hundred Dollars (\$4,500), or any other sum, to be expended by the Veterans’ Services Officer, to provide services to Stow veterans, or take any other action relative thereto.

(Community Preservation Committee)

*The Finance Committee recommends approval of this article. Funds appropriated for the Community Preservation Committee administrative budget come from the dedicated Community Preservation Fund, and have no direct impact on the tax rate.*

**Article 36. Community Preservation Reserves**

(CONSENT CALENDAR)

To see if the Town will vote to reserve for later appropriation monies from the Community Preservation Fund Balance collected from both the Community Preservation Act Surcharge and the State Trust Fund Distribution and collected from Fiscal Year 2012 Community Preservation Fund Annual Revenues, for 10% allocation to reserve account in accordance with the provision of Massachusetts General Laws Chapter 44B, the Community Preservation Act, for the undertaking of Community Preservation projects, or take any other action relative thereto.

<b>Reserves:</b>	<b>Fiscal Year 2012 Estimated Annual Revenues:</b>
1. Preservation of Historic Resources	\$60,000
2. Preservation of Open Spaces	\$60,000
3. Affordable Housing	\$60,000

(Community Preservation Committee)

*The Finance Committee recommends approval of this article. The Community Preservation Act requires that the town appropriate or reserve at least 10% of Community Preservation Fund revenues each year for preservation of historic resources, preservation of open spaces, and affordable housing. This “housekeeping” article reserves these funds as required, but does not authorize the spending of any of these funds*

***END OF THE CONSENT CALENDAR***

**Article 37. Capital Requests**

To see if the Town will vote to raise and appropriate, appropriate and transfer from available funds, or borrow the sums of money as set forth below, or any other sums, for the purposes indicated in the recommended Capital Outlay Program; or take any other action relative thereto.

(Capital Planning Committee)

	<b>Department</b>	<b>Item</b>	<b>Amount</b>
1.	Building Dept	Town building water treatment system upgrade	\$29,000
2.	Cemetery	Land purchase	200,000
3.	Fire-Rescue	Diesel exhaust system	\$50,000
4.	Fire-Rescue	Thermal imaging camera (1)	\$9,500
5.	Fire-Rescue	SCBA grant co-pay	\$6,000

	<b>Department</b>	<b>Item</b>	<b>Amount</b>
6.	Health	Dog kennel repairs	\$15,000
7.	Highway	Restore 6-wheel dump truck/sander	\$40,000
8.	Highway	Replace road grader	\$37,000
9.	Library	Building repairs	\$100,000
10.	Planning Board	Lower Village engineering plans	\$43,334
11.	Police Department	2011 Crown Victoria police cruiser	\$33,000

1. *The Finance Committee recommends approval of this article. The Mass DEP is requiring Stow to upgrade the Town Building water filtration system. The original budget request was for \$76,000 and included the drilling of a new well, along with extensive DEP permitting and analysis. Stow was granted a variance to these requirements, thus saving the town approximately \$47,000. We feel this is a reasonable price to pay for a required upgrade to the system*
2. *The Finance Committee recommends approval of this article at an amount not to exceed \$180,000, since said parcel of land is contiguous to the Brookside Cemetery and might never again be available to the town. The intended purchase price is slightly below assessed value of said parcel.*
3. *The Finance Committee recommends approval of this article. This diesel exhaust system will properly ventilate the diesel exhaust from the fire trucks and ambulance so they are not venting into the garage and firehouse, thus alleviating a possible health concern for our firefighters.*
4. *The Finance Committee recommends approval of this article. The thermal imaging camera can be both a useful tool in saving lives as well as limiting property damage. It will help locate both people in smoky conditions and hot spots within walls.*
5. *The Finance Committee recommends approval of this article. The SCBA grant co-pay is for only a partial payment of an upgrade to the fire department's self-contained breathing apparatuses. The bulk of the funds will come from a Federal grant.*
6. *The Finance Committee recommends approval of this article. Repairs of this magnitude are currently required in order to maintain adequate standards at the kennel.*
7. *The Finance Committee recommends approval of this article since the end result will be a multi-purpose vehicle at a fraction of the cost of a new vehicle.*
8. *The Finance Committee recommends approval of this article. The vehicle being replaced is 62 years old and has served the Town well, but has become obsolete with repair parts becoming quite impossible to locate.*
9. *The Finance Committee recommends approval of this article. It will provide a permanent solution to the solvable water problems in the Library building.*
10. *The Finance Committee recommends approval of this article. These engineering plans are required to prudently plan for the future of the Lower Village.*
11. *The Finance Committee recommends approval of this article. This vehicle is part of the scheduled replacements for the Police Department.*

**Article 38. Senior Tax Relief**

To see if the Town will vote to accept the provisions of Section 4 of Chapter 73 of the Acts of 1986 as amended by Chapter 126 of the Acts of 1988, and further to act under the aforesaid statutes to increase by 100 percent the amount of property tax exemption granted to persons who qualify for said exemption under clauses 17, 17C, 17D, 22, 22A, 22B, 22C, 22D, 22E, 37, 37A, 41, 41B, and 41C of Section 5 of Chapter 59 of the Massachusetts General Laws and Acts and amendments thereof or additions thereto, for fiscal year 2012; or take any other action relative thereto.

(Council on Aging)

*The Finance Committee recommends approval of this warrant article. Under state law, communities are allowed double property tax exemptions granted by the state to persons who qualify. This article, which must be made annually, assures that qualifying Stow residents will retain the maximum exemptions allowed. There is only a minor financial impact to the Town.*

**Article 39. National Guard/Reserve Tax Relief**

To see if the Town will vote to accept the provisions of Clause 56 of Massachusetts General Law Chapter 59, Section 5, whereby the Board of Assessors may grant real and personal property tax abatement up to 100 per cent of the total tax assessed to members of the Massachusetts National Guard and to reservists on active duty in foreign countries for the fiscal year they performed such service subject to eligibility criteria to be established by the Board of Assessors, to be effective beginning in the fiscal year 2012; or take any other action relative thereto.

(Board of Assessors)

*The Finance Committee will make a recommendation at Town Meeting.*

**Article 40. Amend Zoning Map on Wireless Service Facility District**

To see if the Town will vote to amend the existing Zoning Map of the Town of Stow including the map entitled "Wireless Service Facility District - Town of Stow, Massachusetts" dated January 23, 2001, as referenced and described in the Town of Stow Zoning Bylaw, including without limitation, in Section 2.3.11 and 5.3.5 to add and include the property now or formerly of Felix and Sandra A. Pittorino, Trustees of F&S Realty Trust, located at 215 Harvard Road, Assessor's Map R04, Lot 039A, also known as the Wedgewood Pines Country Club, and establish the same as part of the Wireless Service Facility District ; or take any other action relative thereto.

(Citizen's Petition)

*The Finance Committee will make a recommendation at Town Meeting.*

**Article 41. Preserve the Larsen Apple Storage Barn**

To see if the Town will vote to preserve and protect the former Larson Apple Storage Barn, also known as the Stone Building, located on the Center School Property and depicted on Assessors Map U-9, Parcel 44, and by the vote of the citizens of Stow, Massachusetts, protect this historic and irreplaceable town landmark from demolition; or take any other action relative thereto.

(Citizens' Petition)

*The Finance Committee does not recommend approval of this article. The financial ramifications of a positive vote are unknowable and potentially large.*

**Article 42. Reuse of Pompositticut Elementary School**

To see if the Town will vote, pursuant to the authority of Massachusetts General Laws, Chapter 40, section 15A, to authorize the transfer of the care, custody, management and control to the Board of Selectmen for use for any lawful municipal purpose, including but not limited to the rental or leasing of land and buildings for private use, the real property and buildings thereon known as the Pompositticut School Property, more particularly identified by Articles 2 and 3 of Special Town Meeting 1964 (October 26, 1964) and including approximately 18 acres of real property as identified on a plan entitled “Land in Stow, Mass. owned by William H. Peck and Eleanor L. Peck,” Harlan E. Tuttle, surveyor, July 13, 1964 containing Lot 1 (6.658 acres) and Lot 2 (11.309 acres); or take any other action relative thereto.

(Pompo School Reuse Committee)

*The Finance Committee recommends approval of this article. Currently, Pompositticut School is leased by the town to the school district and the district has responsibility for custody, management and control of the school. This article allows the control to be transferred to the Board of Selectmen once the school district no longer needs Pompositticut School for its students. There is no financial impact to the town.*

**Article 43. Nomination Papers Deadline**

To see if the Town will vote to accept the provisions of Massachusetts General Law Chapter 53, Section 9A with respect to nomination papers as follows: The final date for obtaining blank nomination papers for nomination to a town office shall be forty-eight week day hours prior to the hour on which nomination papers are required to be submitted to the registrars of voters for certification. ## **Consent Calendar Procedures**

As part of an effort to make our Town Meeting time more productive and save time for discussion of key issues, the Board of Selectmen and Moderator have implemented a procedure called the “Consent Calendar.”

Each year there is a number of warrant articles for which past experience suggests that the **action will be routine, non-controversial and predictable**. Again at this annual meeting these articles have been selected for inclusion in the Consent Calendar. The use of the Consent Calendar speeds the passage of warrant articles which the Selectmen and Moderator, in consultation with Town Counsel and the Finance Committee, believe should generate no controversy and can be properly voted without debate.

**The consent calendar will be taken up as one of the first orders of business at the Annual Town Meeting.**

There will be a motion to take all of the Consent Calendar articles identified in the warrant and **act upon these as a group by a single brief affirmative main motion**, referred to as the Consent Calendar, which will also contain separate and specific motions for each such article included in the Consent Calendar. The language and the amount of money specified in the Consent Calendar articles as printed in the warrant are subject to change. The motion made at Town Meeting will include any changes.

At the motion of the Consent Calendar, the Moderator will call out the number of each of the articles, one by one. If any voter has doubt about passing any motion or wishes an explanation of any article included in the Consent Calendar, the voter should say the word “**Hold**” in a loud voice when the article number is called by the Moderator.

The Moderator will then inquire as to whether the request to hold is for a question or for debate. If the purpose of the request is merely to ask a question, an attempt to obtain a satisfactory answer will be made, and if this occurs the article will remain on the Consent Calendar. If the purpose of the request is to hold the article for debate, the article will be dropped from the Consent Calendar and restored to its original place in the warrant, to be brought up, debated, and voted on in the usual way. It is hoped that voters will remove articles from the Consent Calendar only in cases of genuine concern.

After calling the individual articles on the Consent Calendar, the Moderator will ask that all articles remaining be **passed as a unit** by a unanimous vote after a brief affirmative main motion is made inclusive of all articles remaining on the Consent Calendar.

**Before Town Meeting**, please review the Consent Calendar articles and proposed motions:

- The articles begin on Page 20 and are marked “Consent Calendar” in the upper right-hand corner of the article.
- The proposed motions for the Consent Calendar articles begin on Page 31.

Please do your homework before coming to Town Meeting. If you have any questions about the articles included in the Consent Calendar, motions or procedures, please feel free to call the Town Administrator (978-897-2927) **before Town Meeting**.
