POMPO USE STUDY COMMITTEE

The Pompo Use Study Committee, which reports to the Board of Selectmen, is composed of five members, each serving an indefinite term. The Committee is responsible for finding the best use possible for the Pompositticut School Building after the Nashoba Regional School District has vacated the Building.

After gathering information by utilizing on-line surveys, newspapers, public forums and interviewing those departments, groups and businesses that are interested in space at the Pompositticut building we have confirmed that there is a great need in the town for a community center. It is our mission to be sure that everyone is heard and we deliver an accurate and well-planned idea for the building.

On November 22, 2011 the Board of Selectmen voted to extend the charge and terms of the Pompo Use Study Committee, and allow it to continue its work as the newly created Community Center Building Committee.
