FISH AND WILDLIFE SERVICE

Eastern Massachusetts National Wildlife Refuge Complex
73 Weir Hill Road
Sudbury, MA 01776

January 15, 2013

ATTENTION VISITORS

Please be advised that this area is no longer open for parking. We understand that over the years it has been used by members of the public walking on the nearby Rail Trail/Track Road. However, this area was never an official parking area, and was not intended to be used as such. Recently, the Assabet River National Wildlife Refuge has completed construction of a brand new parking area approximately 300 yards further up the road. All visitors are encouraged to utilize this new parking area.

While dogs are not permitted on the Assabet River National Wildlife Refuge, visitors wishing to walk their dogs on the Rail Trail/Track Road area are still welcome to park in the new lot. We only ask that you walk your dog(s), on leash, directly back down White Pond Rd to the Rail Trail/Track Road.

Please do not park on the sides of White Pond Rd. This road is already very narrow, and doing so can hinder local residents, and other visitors. It also impedes snow removal and emergency vehicle response. Vehicles parked along White Pond Rd will be subject to fines and towing at the owners expense.

If you require further information, please contact the Refuge Manager at 978-443-4661. Or via email at fw5rw_emnwr@fws.gov
