**RE: Notice of Intent (DEP File #299-0705)**  
**156 Barton Road**  
**Stow, MA 01775**

Dear Members of the Commission:

On behalf of the applicant, Mr. Samuel Hurwitz, Dillis & Roy Civil Design Group, Inc. has attached revised site plans for the above-mentioned project. These plans have been revised per comments received at the September 21<sup>st</sup> Public Hearing. The Site Plan has been updated as follows:

Revisions per Conservation Commission Comments:

- A proposed planting schedule was added to mitigate the proposed tree removal.
- Architectural drawings have been included with this submission.
- All trees proposed to be removed have been identified on the Site Plan.
- Details for the roof infiltration system have been added.
- Straw bales have been proposed along the bottom of the slope adjacent to Lake Boon.
- The Floodplain elevation has been identified and labeled on the Site Plan.
- A landcover summary has been provided on the Site Plan.

Revisions per MassDEP:

- The Notice of Intent has been updated with quantitative values relative to proposed work within the Bordering Land Subject to Flooding. No net fill is proposed for the installation of the proposed stairs.

We trust this meets your needs at this time. If you have any questions, please do not hesitate to contact me.

Regards,
