Stow Conservation Commission
380 Great Road
Stow, MA 01775

RE: Notice of Intent (DEP File #299-0705)
156 Barton Road
Stow, MA 01775

Dear Members of the Commission:

On behalf of the applicant, Sam & Sandra Hurwitz, Dillis & Roy Civil Design Group, Inc. has attached revised site plans for the above-mentioned project. These plans have been revised per comments received at the October 5th Public Hearing. The Site Plan has been updated as follows:

- Cross sections of the proposed stairs have been added to the Site Plan.
- Additional plantings have been proposed along the slope to further stabilize the existing bank.
- An updated WPA-3 Form with quantitative impacts to the floodplain has been included.
- An erosion control blanket has been proposed along the retaining walls to prevent channeling and erosion due to stormwater.
- A larger scale detail of the proposed stairs and landscaped areas have been added.
- An existing permit from the Department of Environmental Protection relative to the maintenance of the existing docks on the property has been included with this submission.

We trust this meets your needs at this time. If you have any questions, please do not hesitate to contact me.

Regards,

DILLIS & ROY
CIVIL DESIGN GROUP, INC.
