**A. General Information (continued)**

6. General Project Description:

The proposed project involves an addition to the existing dwelling, invasive species management, and a gravel parking area.

7a. Project Type Checklist: (Limited Project Types see Section A. 7b.)

- |   |   |
|---|---|
| 1. <input checked="" type="checkbox"/> Single Family Home             | 2. <input type="checkbox"/> Residential Subdivision       |
| 3. <input type="checkbox"/> Commercial/Industrial                     | 4. <input type="checkbox"/> Dock/Pier                     |
| 5. <input type="checkbox"/> Utilities                                 | 6. <input type="checkbox"/> Coastal engineering Structure |
| 7. <input type="checkbox"/> Agriculture (e.g., cranberries, forestry) | 8. <input type="checkbox"/> Transportation                |
| 9. <input type="checkbox"/> Other                                     |   |

7b. Is any portion of the proposed activity eligible to be treated as a limited project (including Ecological Restoration Limited Project) subject to 310 CMR 10.24 (coastal) or 310 CMR 10.53 (inland)?

1. ☐ Yes ☒ No If yes, describe which limited project applies to this project. (See 310 CMR 10.24 and 10.53 for a complete list and description of limited project types)

2. Limited Project Type

If the proposed activity is eligible to be treated as an Ecological Restoration Limited Project (310 CMR 10.24(8), 310 CMR 10.53(4)), complete and attach Appendix A: Ecological Restoration Limited Project Checklist and Signed Certification.

8. Property recorded at the Registry of Deeds for:

Middlesex

a. County

75397

c. Book

b. Certificate # (if registered land)

251

d. Page Number

**B. Buffer Zone & Resource Area Impacts (temporary & permanent)**

- ☒ Buffer Zone Only – Check if the project is located only in the Buffer Zone of a Bordering Vegetated Wetland, Inland Bank, or Coastal Resource Area.
- ☐ Inland Resource Areas (see 310 CMR 10.54-10.58; if not applicable, go to Section B.3, Coastal Resource Areas).

Check all that apply below. Attach narrative and any supporting documentation describing how the project will meet all performance standards for each of the resource areas altered, including standards requiring consideration of alternative project design or location.

**Massachusetts Department of Environmental Protection**  
Bureau of Resource Protection - Wetlands

Stow

City/Town

**B. Buffer Zone & Resource Area Impacts (temporary & permanent) (cont'd)**

For all projects affecting other Resource Areas, please attach a narrative explaining how the resource area was delineated.

Resource Area	Size of Proposed Alteration	Proposed Replacement (if any)
a. <input type="checkbox"/> Bank	1. linear feet	2. linear feet
b. <input type="checkbox"/> Bordering Vegetated Wetland	1. square feet	2. square feet
c. <input type="checkbox"/> Land Under Waterbodies and Waterways	1. square feet 3. cubic yards dredged	2. square feet

Resource Area	Size of Proposed Alteration	Proposed Replacement (if any)
d. <input type="checkbox"/> Bordering Land Subject to Flooding	1. square feet 3. cubic feet of flood storage lost	2. square feet 4. cubic feet replaced
e. <input type="checkbox"/> Isolated Land Subject to Flooding	1. square feet 2. cubic feet of flood storage lost	3. cubic feet replaced
f. <input type="checkbox"/> Riverfront Area	1. Name of Waterway (if available) - <b>specify coastal or inland</b>	

2. Width of Riverfront Area (check one):

- ☐ 25 ft. - Designated Densely Developed Areas only
- ☐ 100 ft. - New agricultural projects only
- ☐ 200 ft. - All other projects

3. Total area of Riverfront Area on the site of the proposed project: \_\_\_\_\_ square feet

4. Proposed alteration of the Riverfront Area:

a. total square feet \_\_\_\_\_ b. square feet within 100 ft. \_\_\_\_\_ c. square feet between 100 ft. and 200 ft. \_\_\_\_\_

5. Has an alternatives analysis been done and is it attached to this NOI? ☐ Yes ☐ No

6. Was the lot where the activity is proposed created prior to August 1, 1996? ☐ Yes ☐ No

3. ☐ Coastal Resource Areas: (See 310 CMR 10.25-10.35)

**Note:** for coastal riverfront areas, please complete **Section B.2.f.** above.

**Massachusetts Department of Environmental Protection**

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

Provided by MassDEP:

MassDEP File Number

Document Transaction Number

Stow

City/Town

**C. Other Applicable Standards and Requirements**

- ☐ This is a proposal for an Ecological Restoration Limited Project. Skip Section C and complete Appendix A: Ecological Restoration Limited Project Checklists – Required Actions (310 CMR 10.11).

**Streamlined Massachusetts Endangered Species Act/Wetlands Protection Act Review**

1. Is any portion of the proposed project located in **Estimated Habitat of Rare Wildlife** as indicated on the most recent Estimated Habitat Map of State-Listed Rare Wetland Wildlife published by the Natural Heritage and Endangered Species Program (NHESP)? To view habitat maps, see the *Massachusetts Natural Heritage Atlas* or go to [http://maps.massgis.state.ma.us/PRI\\_EST\\_HAB/viewer.htm](http://maps.massgis.state.ma.us/PRI_EST_HAB/viewer.htm).

a. ☐ Yes ☐ No

**If yes, include proof of mailing or hand delivery of NOI to:**

**Natural Heritage and Endangered Species Program  
Division of Fisheries and Wildlife  
1 Rabbit Hill Road  
Westborough, MA 01581**

b. Date of map \_\_\_\_\_

If yes, the project is also subject to Massachusetts Endangered Species Act (MESA) review (321 CMR 10.18). To qualify for a streamlined, 30-day, MESA/Wetlands Protection Act review, please complete Section C.1.c, and include requested materials with this Notice of Intent (NOI); *OR* complete Section C.2.f, if applicable. *If MESA supplemental information is not included with the NOI, by completing Section 1 of this form, the NHESP will require a separate MESA filing which may take up to 90 days to review (unless noted exceptions in Section 2 apply, see below).*

- c. Submit Supplemental Information for Endangered Species Review\*

1. ☐ Percentage/acreage of property to be altered:

(a) within wetland Resource Area

\_\_\_\_\_ percentage/acreage

(b) outside Resource Area

\_\_\_\_\_ percentage/acreage

2. ☐ Assessor's Map or right-of-way plan of site

2. ☐ Project plans for entire project site, including wetland resource areas and areas outside of wetlands jurisdiction, showing existing and proposed conditions, existing and proposed tree/vegetation clearing line, and clearly demarcated limits of work \*\*

(a) ☐ Project description (including description of impacts outside of wetland resource area & buffer zone)

(b) ☐ Photographs representative of the site

\* Some projects **not** in Estimated Habitat may be located in Priority Habitat, and require NHESP review (see <https://www.mass.gov/ma-endangered-species-act-mesa-regulatory-review>).

Priority Habitat includes habitat for state-listed plants and strictly upland species not protected by the Wetlands Protection Act.

\*\* MESA projects may not be segmented (321 CMR 10.16). The applicant must disclose full development plans even if such plans are not required as part of the Notice of Intent process.

**Massachusetts Department of Environmental Protection**  
Bureau of Resource Protection - Wetlands

**WPA Form 3 – Notice of Intent**

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

Provided by MassDEP:

MassDEP File Number

Document Transaction Number

Stow

City/Town

**C. Other Applicable Standards and Requirements (cont'd)**

- (c) ☐ MESA filing fee (fee information available at <https://www.mass.gov/how-to/how-to-file-for-a-mesa-project-review>).

Make check payable to "Commonwealth of Massachusetts - NHESP" and **mail to NHESP** at above address

*Projects altering 10 or more acres of land, also submit:*

- (d) ☐ Vegetation cover type map of site
- (e) ☐ Project plans showing Priority & Estimated Habitat boundaries
- (f) OR Check One of the Following

1. ☐ Project is exempt from MESA review.  
Attach applicant letter indicating which MESA exemption applies. (See 321 CMR 10.14, <https://www.mass.gov/service-details/exemptions-from-review-for-projectsactivities-in-priority-habitat>; the NOI must still be sent to NHESP if the project is within estimated habitat pursuant to 310 CMR 10.37 and 10.59.)

2. ☐ Separate MESA review ongoing. a. NHESP Tracking # \_\_\_\_\_ b. Date submitted to NHESP \_\_\_\_\_

3. ☐ Separate MESA review completed.  
Include copy of NHESP "no Take" determination or valid Conservation & Management Permit with approved plan.

3. For coastal projects only, is any portion of the proposed project located below the mean high water line or in a fish run?

- a. ☐ Not applicable – project is in inland resource area only      b. ☐ Yes    ☐ No

If yes, include proof of mailing, hand delivery, or electronic delivery of NOI to either:

South Shore - Cohasset to Rhode Island border, and the Cape & Islands:

North Shore - Hull to New Hampshire border:

Division of Marine Fisheries -  
Southeast Marine Fisheries Station  
Attn: Environmental Reviewer  
836 South Rodney French Blvd.  
New Bedford, MA 02744  
Email: [dmf.envreview-south@mass.gov](mailto:dmf.envreview-south@mass.gov)

Division of Marine Fisheries -  
North Shore Office  
Attn: Environmental Reviewer  
30 Emerson Avenue  
Gloucester, MA 01930  
Email: [dmf.envreview-north@mass.gov](mailto:dmf.envreview-north@mass.gov)

Also if yes, the project may require a Chapter 91 license. For coastal towns in the Northeast Region, please contact MassDEP's Boston Office. For coastal towns in the Southeast Region, please contact MassDEP's Southeast Regional Office.

- c. ☐ Is this an aquaculture project?      d. ☐ Yes    ☐ No

If yes, include a copy of the Division of Marine Fisheries Certification Letter (M.G.L. c. 130, § 57).

**Massachusetts Department of Environmental Protection**  
Bureau of Resource Protection - Wetlands

**WPA Form 3 – Notice of Intent**

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

Provided by MassDEP:

MassDEP File Number

Document Transaction Number

Stow

City/Town

**C. Other Applicable Standards and Requirements (cont'd)**

**Online Users:**

Include your document transaction number (provided on your receipt page) with all supplementary information you submit to the Department.

4. Is any portion of the proposed project within an Area of Critical Environmental Concern (ACEC)?  
a. ☐ Yes ☒ No If yes, provide name of ACEC (see instructions to WPA Form 3 or MassDEP Website for ACEC locations). **Note:** electronic filers click on Website.  
b. ACEC
5. Is any portion of the proposed project within an area designated as an Outstanding Resource Water (ORW) as designated in the Massachusetts Surface Water Quality Standards, 314 CMR 4.00?  
a. ☐ Yes ☒ No
6. Is any portion of the site subject to a Wetlands Restriction Order under the Inland Wetlands Restriction Act (M.G.L. c. 131, § 40A) or the Coastal Wetlands Restriction Act (M.G.L. c. 130, § 105)?  
a. ☐ Yes ☒ No
7. Is this project subject to provisions of the MassDEP Stormwater Management Standards?  
a. ☐ Yes. Attach a copy of the Stormwater Report as required by the Stormwater Management Standards per 310 CMR 10.05(6)(k)-(q) and check if:  
1. ☐ Applying for Low Impact Development (LID) site design credits (as described in Stormwater Management Handbook Vol. 2, Chapter 3)  
2. ☐ A portion of the site constitutes redevelopment  
3. ☐ Proprietary BMPs are included in the Stormwater Management System.  
b. ☒ No. Check why the project is exempt:  
1. ☒ Single-family house  
2. ☐ Emergency road repair  
3. ☐ Small Residential Subdivision (less than or equal to 4 single-family houses or less than or equal to 4 units in multi-family housing project) with no discharge to Critical Areas.

**D. Additional Information**

- ☐ This is a proposal for an Ecological Restoration Limited Project. Skip Section D and complete Appendix A: Ecological Restoration Notice of Intent – Minimum Required Documents (310 CMR 10.12).

Applicants must include the following with this Notice of Intent (NOI). See instructions for details.

**Online Users:** Attach the document transaction number (provided on your receipt page) for any of the following information you submit to the Department.

1. ☒ USGS or other map of the area (along with a narrative description, if necessary) containing sufficient information for the Conservation Commission and the Department to locate the site. (Electronic filers may omit this item.)
2. ☒ Plans identifying the location of proposed activities (including activities proposed to serve as a Bordering Vegetated Wetland [BVW] replication area or other mitigating measure) relative to the boundaries of each affected resource area.

**Massachusetts Department of Environmental Protection**  
Bureau of Resource Protection - Wetlands

**WPA Form 3 – Notice of Intent**

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

Provided by MassDEP:

c. Signed and Stamped by

1" = 20'

d. Final Revision Date

e. Scale

f. Additional Plan or Document Title

g. Date

5. ☐ If there is more than one property owner, please attach a list of these property owners not listed on this form.
6. ☐ Attach proof of mailing for Natural Heritage and Endangered Species Program, if needed.
7. ☐ Attach proof of mailing for Massachusetts Division of Marine Fisheries, if needed.
8. ☒ Attach NOI Wetland Fee Transmittal Form
9. ☐ Attach Stormwater Report, if needed.

**E. Fees**

1. ☐ Fee Exempt: No filing fee shall be assessed for projects of any city, town, county, or district of the Commonwealth, federally recognized Indian tribe housing authority, municipal housing authority, or the Massachusetts Bay Transportation Authority.

Applicants must submit the following information (in addition to pages 1 and 2 of the NOI Wetland Fee Transmittal Form) to confirm fee payment:

2487	8/25/2021
2. Municipal Check Number	3. Check date
2486	8/25/2021
4. State Check Number	5. Check date

**F. Signatures and Submittal Requirements**

I hereby certify under the penalties of perjury that the foregoing Notice of Intent and accompanying plans, documents, and supporting data are true and complete to the best of my knowledge. I understand that the Conservation Commission will place notification of this Notice in a local newspaper at the expense of the applicant in accordance with the wetlands regulations, 310 CMR 10.05(5)(a).

I further certify under penalties of perjury that all abutters were notified of this application, pursuant to the requirements of M.G.L. c. 131, § 40. Notice must be made by Certificate of Mailing or in writing by hand delivery or certified mail (return receipt requested) to all abutters within 100 feet of the property line of the project location.

1. Signature of Applicant

24 Aug 21  
 2. Date

3. Signature of Property Owner (if different)

8/29/21  
 4. Date

5. Signature of Representative (if any)

6. Date

**For Conservation Commission:**

Two copies of the completed Notice of Intent (Form 3), including supporting plans and documents, two copies of the NOI Wetland Fee Transmittal Form, and the city/town fee payment, to the Conservation Commission by certified mail or hand delivery.

**For MassDEP:**

One copy of the completed Notice of Intent (Form 3), including supporting plans and documents, one copy of the NOI Wetland Fee Transmittal Form, and a **copy** of the state fee payment to the MassDEP Regional Office (see Instructions) by certified mail or hand delivery.

**Other:**

If the applicant has checked the "yes" box in any part of Section C, Item 3, above, refer to that section and the Instructions for additional submittal requirements.

The original and copies must be sent simultaneously. Failure by the applicant to send copies in a timely manner may result in dismissal of the Notice of Intent.

## B. Fees

Fee should be calculated using the following process & worksheet. **Please see Instructions before filling out worksheet.**

**Step 1/Type of Activity:** Describe each type of activity that will occur in wetland resource area and buffer zone.

**Step 2/Number of Activities:** Identify the number of each type of activity.

**Step 3/Individual Activity Fee:** Identify each activity fee from the six project categories listed in the instructions.

**Step 4/Subtotal Activity Fee:** Multiply the number of activities (identified in Step 2) times the fee per category (identified in Step 3) to reach a subtotal fee amount. Note: If any of these activities are in a Riverfront Area in addition to another Resource Area or the Buffer Zone, the fee per activity should be multiplied by 1.5 and then added to the subtotal amount.

**Step 5/Total Project Fee:** Determine the total project fee by adding the subtotal amounts from Step 4.

**Step 6/Fee Payments:** To calculate the state share of the fee, divide the total fee in half and subtract \$12.50. To calculate the city/town share of the fee, divide the total fee in half and add \$12.50.

To calculate filing fees, refer to the category fee list and examples in the instructions for filling out WPA Form 3 (Notice of Intent).

Massachusetts Department of Environmental Protection  
Bureau of Resource Protection - Wetlands  
**NOI Wetland Fee Transmittal Form**  
Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

**B. Fees** (continued)

Step 1/Type of Activity	Step 2/Number of Activities	Step 3/Individual Activity Fee	Step 4/Subtotal Activity Fee
1.a - House Addition	1	\$110.00	\$110.00
1.c - Control Vegetation	1	\$110.00	\$110.00
Step 5/Total Project Fee:			\$220.00

**Step 6/Fee Payments:**

Total Project Fee:	\$220.00
	a. Total Fee from Step 5
State share of filing Fee:	\$97.50
	b. 1/2 Total Fee less \$12.50
City/Town share of filing Fee:	\$122.50 + \$144.00
	bylaw

**C. Submittal Requirements**

- a.) Complete pages 1 and 2 and send with a check or money order for the state share of the fee, payable to the Commonwealth of Massachusetts.

Department of Environmental Protection  
Box 4062  
Boston, MA 02211

- b.) **To the Conservation Commission:** Send the Notice of Intent or Abbreviated Notice of Intent; a **copy** of this form; and the city/town fee payment.

**To MassDEP Regional Office** (see Instructions): Send a copy of the Notice of Intent or Abbreviated Notice of Intent; a **copy** of this form; and a **copy** of the state fee payment. (E-filers of Notices of Intent may submit these electronically.)

# PROJECT NARRATIVE

## 1.0 Project Narrative

### 1.1 *Project Type*

The Applicant, Nathan Payne and Severine Tisne, are proposing to remove several trees, construct an elevated deck and three car garage on the existing dwelling, and install a tenant parking area for the existing cottage.

The property is located on Lake Boon on the westerly side of Hale Rd. The site is located on parcel 17 Map U05 (~0.53 acres).

### 1.2 *Site Description*

The site is located within the Residential Zoning District on the North side of Lake Boon. The property is accessed from a gravel driveway that is an extension of Hale Road. The project area is best described as low density, residential use with on-site wells and septic systems. The existing dwelling is located entirely within the 100-foot buffer zone of Lake Boon. A cottage dwelling exists in the northwest corner of the property and is to be preserved.

Per an Order of Conditions granted by the Stow Conservation Commission in 2019, the previous owners had installed a new septic system between the existing dwelling and cottage. The previous project also involved tree removal and some minor site grading. The attached Site Plan includes all work that was done under the existing Order of Conditions.

The NRCS soil survey information indicates that all of the site is underlain by Hinckley Loamy Sand soils classified as belonging to Hydrologic Soil Groups A.

The site has numerous mature trees, all of which are identified on the site plans. Refer to the Landscape Plans prepared by Landscape Elements, LLC for a detailed schedule of existing vegetation.

### **1.3    *Proposed Project***

The proposed project involves the construction of an addition to the existing dwelling. The addition will include a three-car garage, a porch on the east side of the dwelling, and a raised deck on the west side of the existing dwelling.

The existing cottage will be maintained. A proposed gravel parking area with a retaining wall will be constructed on the side of the Hale Road access way to be used by the tenants of the cottage. A walking path and privacy fence will be installed providing access from the new gravel parking area to the existing cottage.

A dock is proposed on the eastern bank of the property. A natural walking path exists through the woods to the water's edge. On the eastern side of the bank and adjacent to the walking path, invasive species management is proposed. The invasive species along the steep section of the bank are proposed to be removed and replaced with a variety of species native to the area. Refer to the attached Landscape Plans prepared by Landscape Elements, LLC.

Significant landscaping is proposed. A landscaping plan has been prepared by a Landscape Elements, Inc. and is included in this filing. It depicts several areas along the shore where invasive species will be removed, and native plantings added to enhance the shoreline buffer within the 35-foot zone.

### **1.4    *Mitigation Measures***

Erosion and sediment controls have been incorporated in the design of the layout with the objective of retaining sediment on site, filtering and reducing storm water discharge and protecting wetland and undisturbed areas. A combination of stabilization and structural practices is included to meet the objective, as described in detail below. The following is a list of common temporary and permanent structural erosion control devices, which will be applied:

- 1.4.1 Straw wattles will be installed up gradient from areas of bordering vegetated wetlands that may receive runoff from areas disturbed by construction. The wattles will be installed according to the manufacturer's instructions and will be maintained throughout the construction process.
- 1.4.2 The sediment control barrier will be installed to prevent the migration of soil materials under, around, or over the fencing. Sediment will be removed from behind the barrier when the accumulated amount has

reached approximately half of the original installed height of the barrier.

Upon completion of construction, all disturbed areas shall be loamed and seeded (or landscaped). The erosion and sedimentation controls shall be removed only upon final stabilization of the site and/or after the Conservation Commission has issued a Certificate of Compliance for the project.

## **1.5 WETLAND PROTECTION ACT PERFORMANCE STANDARD**

In accordance with 310 CMR 10.01(2), Dillis & Roy Civil Design Group, Inc. briefly reviewed the proposed project's compliance with the Wetland Protection Act in regard to the following interests:

- 1.5.1 **Private and Public Water Supplies** – The proposed use of the property is exactly the same as the existing use. As such, no impacts to the existing water supplies are anticipated. The existing septic system that was installed as part of the previous Order of Conditions for the property is in compliance with current Title V requirements.
- 1.5.2 **Groundwater Supply** – It is expected that the post-developed infiltration will be similar to the pre-developed condition. The site is underlain with well-draining sands and gravel which promote infiltration.

No new sources of contamination are proposed as the use is not being changed.
- 1.5.3 **Flood Control** – As stated, some temporary disturbance is proposed within the floodplain, but no net fill is proposed. As such, the project will not result in a loss of flood storage.
- 1.5.4 **Storm Damage Prevention** – Erosion control barriers will be installed and maintained down gradient to all proposed work. The sandy nature of the soils will also limit the potential of erosion of exposed soils.
- 1.5.5 **Prevention of Pollution** – Care will be taken during construction by the contractor to park equipment as far from the lake as possible.
- 1.5.6 **Protection of land containing shellfish** - Not applicable.
- 1.5.7 **Protection of Fisheries** – The proposed work will not result in any permeant impact to land underwater. The invasive species will be removed from the bank and the slope adjacent to the water will be stabilized with several native plantings.

---

## Notification to Abutters Under the Massachusetts Wetlands Protection Act

In accordance with the second paragraph of Massachusetts General Laws Chapter 131, Section 40, you are hereby notified of the following:

- A. The name of the applicant is Nathan Payne and Severine Tisne
- B. The applicant has filed a Notice of Intent with the Conservation Commission for the municipality of Stow seeking permission to remove, fill, dredge or alter an Area Subject to Protection Under the Wetlands Protection Act (General Laws Chapter 131, Section 40)

The proposed project includes the construction of an addition, invasive species management, and the construction of a gravel parking area for the tenants at the existing cottage.

- C. The address of the lot where the activity is proposed is 23-25 Hale Road  
(Map U05, Parcel 17)
- D. Copies of the Notice of Intent may be examined at Dillis & Roy Civil Design Group  
1 Main Street, Suite #1, Lunenburg, MA 01462  
between the hours of 8:00 am and 4:00 pm on the following days of the week: Monday – Friday  
For more information, call: (978) 779 – 6091.

Check One: This is the applicant ☐, representative ☒, or other ☐ (specify) \_\_\_\_\_

- E. Copies of the Notice of Intent may be obtained (for a fee) from either (check one) the applicant ☐, or the applicant's representative ☒, by calling this telephone number (978) 779 – 6091 between the hours of 9:30 am and 2:30 pm on the following days of the week: Monday – Friday
- F. The Stow Conservation Commission will hold a public hearing regarding this application on September 21, 2021. If you have any questions regarding this information you may call the Stow Conservation Commission by calling 978-897-8615 between the hours of 8:30 am and 4:30 pm Monday through Thursday and 8:30 though 1:30 on Friday.

NOTE: Notice of the public hearing, including its date time and place, will be posted in advance in the **Stow Independent**.

NOTE: Notice of the public hearing, including its date, time, and place, will be posted in the City or Town Hall not less than forty-eight (48) hours in advance.

NOTE: You may also contact your local Conservation Commission or the nearest Department of Environmental Protection Regional office for more information about this application or the Wetlands Protection Act.

To contact DEP, call:

Central Region: 508-792-7650  
Southeast Region: 508-946-2800

Northeast Region: 781-661-7600  
Western Region: 413-784-1100

PROCESS FOR REPLANTING SLOPE ON EAST SIDE OF HALE ROAD

**filtrex**  
SUSTAINABLE TECHNOLOGIES

**INSTALLATION SPECIFICATION**  
SLOPE INTERRUPTION - Compost Filter Sock

**INSTALLATION**

- Slope interruption (Filtrex Slope Interruption) will be placed at locations indicated on plans as directed by the Engineer. Slope interruption shall be installed horizontally, along the contour of slopes, and perpendicular to down-slope flow.
- Socks shall be installed through the middle of the slope. Interruption on 15 ft (5m) centers, using nominal 2 in (50mm) by 3 in (75mm) by 18 ft (5.5m) wooden stakes. 2" diameter stakes may use 1" (25mm) x 1" (25mm) x 18" (4.5m) wooden stakes.
- Stakes shall be installed directly behind the base, at a 90-degree angle to level ground (regardless of slope angle), where stakes are in direct contact with the down-slope side of slope. If high runoff or sediment accumulation is expected, stakes through the slope may be required. Additionally, if soil is highly compacted and stakes cannot be adequately driven into the soil, Staking the stakes with sand bags or equivalent as long as the effective height of slope is not compromised.
- Staking depth for sand and 5/8" iron nails shall be 12 in (300mm), and 8 in (200mm) for day nails.

**MAINTENANCE & DISPOSAL**

- The contractor shall remove sediment at the base of the upslope side of the slope interruption when accumulation has reached 1/2 of the effective height of the sock, or as directed by the Engineer.
- Slope interruption shall be maintained until the hill slope has been permanently stabilized and construction activity has ceased.
- The FiltrexMedia will be dispersed on site once stabilized area has been permanently stabilized, construction activity has ceased, or as determined by the Engineer.

**NOTES**

1. Relative to the upslope side of the slope interruption, the sock shall be installed horizontally, along the contour of slopes, and perpendicular to down-slope flow.

2. A 2" x 4" x 8' wooden stake shall be placed at the base of the slope interruption, perpendicular to the slope, to prevent sediment from passing through the sock.

3. A 2" x 4" x 8' wooden stake shall be placed at the base of the slope interruption, perpendicular to the slope, to prevent sediment from passing through the sock.

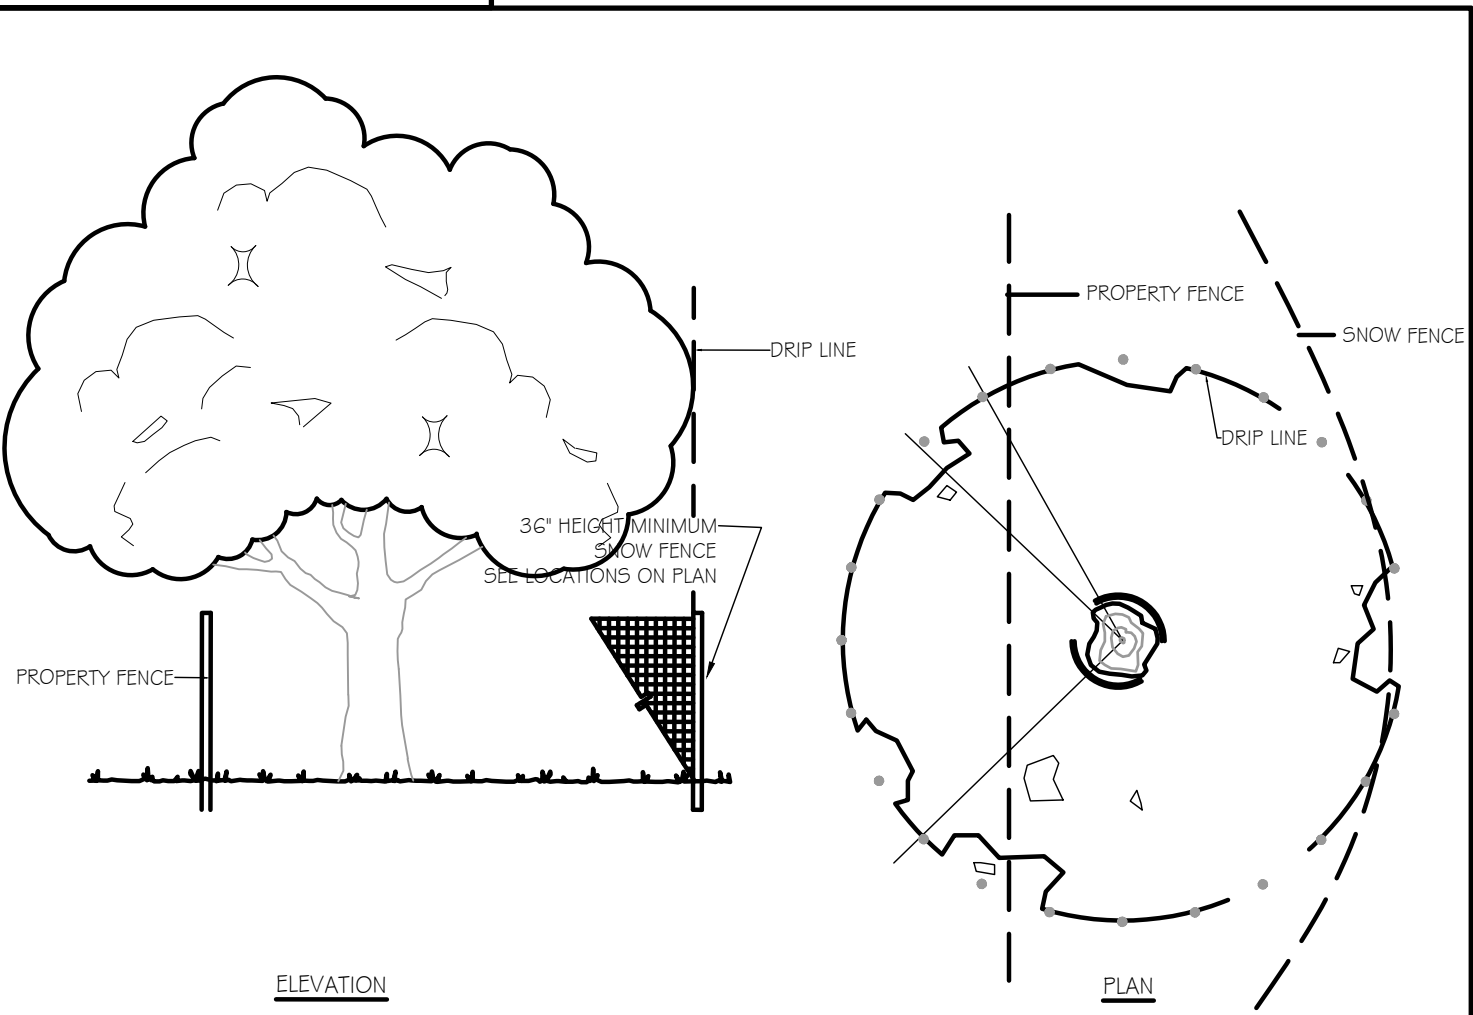

4. A 2" x 4" x 8' wooden stake shall be placed at the base of the slope interruption, perpendicular to the slope, to prevent sediment from passing through the sock.

5. A 2" x 4" x 8' wooden stake shall be placed at the base of the slope interruption, perpendicular to the slope, to prevent sediment from passing through the sock.

**FILTREX® SLOPE INTERRUPTION**

Refer to Design Specification for complete application, design, installation, maintenance, and removal documentation.
