

EXHIBIT F
FURNISHINGS AND EQUIPMENT
NASHOBA REGIONAL SCHOOL DISTRICT

PROJECT FUNDING AGREEMENT

The cost associated with the Furnishings and Equipment must meet MSBA guidelines of \$1200/student for Furnishings and Equipment and \$1200/student for Technology Equipment. All such costs shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole discretion, whether such costs are eligible for reimbursement pursuant to the Authority's regulations and policies.

The Nashoba Regional School District submitted the attachment titled FF&E Summary, itemizing the Furnishings and Equipment for the renovation/addition to the Pompositticut/Center Elementary School. The total cost of these furnishings exceeds the MSBA allowance of \$1200/student. This program will need to be revisited by the Nashoba Regional School District to comply with the Project Scope and Budget Agreement and resubmitted to the MSBA for review and approval. This attachment is for information only and is not accepted or approved by the Authority.

At this time the MSBA has received a detail breakout of the Technology Equipment, it will be subject to review and audit by the Authority to meet the guidelines of \$1200/ student.

8.4 FF&E SUMMARY

The following list of furnishings fixtures and equipment is a result of a meeting with the school administration and tour of the existing buildings. The cost associated with this list is included in Section 7 of this report.

ADDITIONAL ITEMS & EQUIPMENT			
			Media Center vol. allowance TBD
			Teaching aids
			PE equipment allowance
			Keyboard & instruments allowance
			Science equipment allowance
			Kitchen equipment allowance
			Custodial/grounds equip't allowance

8.5 TECHNOLOGY SUMMARY

The School Administration, Principal and IT Staff wish to equip each standard Pre-K through Grade 5 Classroom, and each Art and Music Classroom with one teacher's computer (laptop or desktop TBD), four student computers, and an interactive white board with an associated projector and local sound reinforcement. Grade 3 - 5 Classrooms with a Science component will share a 30-laptop mobile computer cart. Two additional 30-laptop mobile computer carts will be stored/recharged in the Media Center and be checked out to classrooms as needed.

The Special Education spaces will be equipped with one teacher's computer (laptop or desktop TBD), and a variable quantity of student computers, and interactive white boards with an associated projector and local sound reinforcement. The Media Center will be equipped with 12 general use computers plus 25 computers in the computer lab. The remaining Administrators and Staff in the School will each have a desktop computer.

A Voice over IP (VoIP) telephone system is preferred over a PBX system. Network switches will be a mix of standard Ethernet switches and Power Over Ethernet (PoE) devices to support telephone and wireless access point equipment.

Laser printers will be network capable with the intention to have each Grade share a centrally located printer rather than install a printer in each classroom. An LCD projector is planned for the Conference Room and the Cafetorium. The Cafetorium and gym will each have a local sound reinforcement system. The Cafetorium will also include an assisted listening system as part of the local sound system. The Superintendent of Schools requested that one Classroom within each Grade come equipped with an assisted listening system. The cost associated with this list is included in Section 7 of this report.

SECTION 8.5

TECHNOLOGY SUMMARY

TECHNOLOGY SUMMARY - NASHOBA-POMPO/CENTER ELEMENTARY SCHOOL

TECHNOLOGY EQUIPMENT												
ROOM TYPE	# OF RMS	Teacher Computer	Student Computer	Mobile Computer Lab (201, 200pp)	Interactive White Board System	Laser Printer (B&W)	Laser Printer (Color)	Video Projector	Scanner	Fax		
CORE ACADEMIC SPACES												
Pre-Kindergarten w/ toilet (150 chairs)	2	2	8		2	4						
Kindergarten w/ toilet (assumes full day)	5	5	20		5	2						
General Classrooms - Grade 1-2	9	9	36		9	2
