Thanks so much for parking those machines so they are not so visible from the part of the yard we will be using tomorrow.

Actually, because of the predicted heat wave (I just heard on the radio that Boston will be declaring a heat emergency tomorrow), we will be following the shade and probably won't notice much else.

Thanks again.

Barbara

Hi ,

My sons moved the machines.

How do things look from your yard?

Have a good time on Sunday.
