Hi Bill,

Just a few comments:

- Could you add elevation labels to the proposed grading lines? Closer to the middle of the plan it could be helpful to see the 187 – 189 values.
- Are the 20” and 6” near the path on the left side to be removed?
- Note 8 is blank.

Please find a 90% design plan for the Gleasondale path. We are working on construction details at the current time.

Comments are appreciated.
