Malcolm

I think we could spent it all with 90 to 120 day if you ask for an extension.

Subject: Shared Streets Leftover Funds

Hi Steve,

MassDOT folks confirmed that the remaining Shared Streets funds can be spent to hire a company with a bucket truck to come in and finish installation of the school zone signs. Can you give me a ballpark estimate of what that might run? I would like to involve the TSAC to allocate whatever funds remain after the installation costs. I wouldn't be surprised if they agree to prioritize additional feedback signs as you suggested but I want to give public safety a chance to discuss.

They are also asking for an anticipated date of implementation/expenditure because they need to approve an extension beyond the original end of fy22 timeline. We should discuss that when you get a chance.
