28 April 2021

To whom it may concern:

I would like to express my interest in participating with the Lower Village Revitalization Subcommittee. I am a five year member of the EDIC. In the past I was a participating member of the Lower Village Committee. I have been a resident in the town of Stow for more than seventeen years.

Currently I am employed full time as a manager in a privately held business located in the town of Franklin, MA. My business background is varied, with experience in retail operations, logistics, and quality. I hold a Masters Degree in Business from Northeastern University and undergraduate degrees from the Rhode Island School of Design.

Thank you for your time and consideration.

Thomas N. Farnsworth
