

Town of Stow

Buy Recycled Policy

Adopted February 14, 2023

In recognition of the need to make more efficient use of our natural resources, create markets for the material collected in recycling programs, reduce solid waste volume and disposal costs, and serve as a model for private and public institutions, the Town of Stow is committed to purchasing products, which are environmentally preferable and/or made of recycled materials whenever such products meet quality requirements and are available at a reasonable price and terms.
