# Building Design Development

Gas Easement Setback

First Floor Plan

## Project Status Update

The Designer, Kaestle Boos Association, Inc. (KBA), and the owner's project manager, Skanska USA Building, Inc., continue to work with the District to progress the Schematic Design.

Recent activities include: site and building design development, geotechnical analysis, site permitting review with Town of Bolton, geothermal feasibility study, and maximizing Mass Save Rebates strategies.

The team further developed the building layout, which features four **small learning communities**. Each learning community includes classrooms, areas for teacher planning, break-out spaces, and common collaboration areas. See left side and below for conceptual layouts of the spaces.

## Chairperson Update

The facilities tours have been scheduled for 10:00 AM and 12:00 PM on the following dates:

- Saturday, April 01, 2023
- Saturday, April 29, 2023
- Saturday, September 09, 2023

## Social Media and Communication by Public Employees

Activities of public employees in support of or in opposition to the Nashoba Regional High School building project are subject to the provisions and restrictions of Mass. Gen. Laws c. 55. Public employees should check with The Office of Campaign and Political Finance (OCPF) prior to posting, publicizing, disseminating and/or distributing any information either for or against this building project.

Email: [OCPF@mass.gov](mailto:OCPF@mass.gov)

The following is a list of some examples of what is permissible and prohibited.

### Permissible:

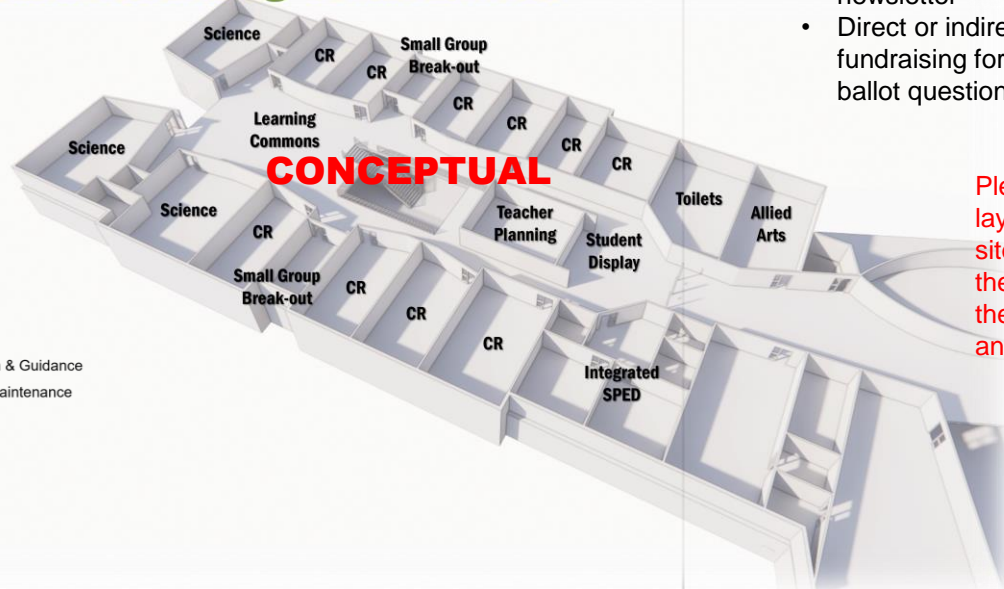

- Share building project social media links in personal time on personal social media channels
- Answer questions that are asked by guardians regarding the NRHS Building project during school pick up or drop off

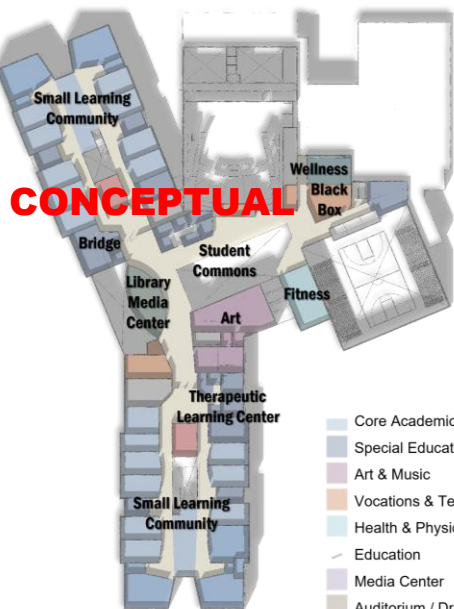

### Non-Permissible:

- Mass mailings using public funds or resources
- Distribution via student backpacks
- Use of a school district's ROBOcall system
- Dissemination of information via a school newsletter
- Direct or indirect solicitation or acceptance of fundraising for political purposes including ballot questions

## Building Organization: Small Learning Communities

Please note that the building layout, building interiors, and site will continue to evolve as the project progresses through the Schematic Design Phase and future phases.
