

Questions for the Town Hall Restoration Committee

- Do you have other options besides the \$4 million option (sort of like the library had three options)?
- Are there any plans for private fundraising? A friends group to lead the public effort?
- Please provide a breakdown of how the individual cost centers add up.
- Can you prioritize the different elements in the project ?
- Please provide statement of anticipated future uses.
Perhaps a list of some of the previous uses (meetings, events) of the Town Hall in the past will help with this.
