

Questions for the SMAHT – Red Acre Road Application

- Does SMAHT have proposal(s) from a builder or builders?
- Is SMAHT requesting money in hand so that they can get a builder?
Please clarify to avoid confusion with the CPC and the Town at the Town Meeting
- Please explain how SMAHT will be using the funds (design? construction? Grants to buyers?)
- Can you provide supporting material to go with the application?
A break down the explanation of the application into a bullet format would be useful.
Although no design renderings have been done, an initial map of the site would be useful.
