Mr. William Brooks
Stow Collision
92 Great Road
Stow, Massachusetts

Dear Mr. Brooks:

This is in response to your letter of October 28, 1992 requesting my interpretation of the zoning bylaw as it relates to the sale of motor vehicles on the property of 92 Great Road.

The property, which is identified as Parcel 85A on Stow Property Map Sheet R-30, is within the business district and is owned by Wayne Erkkinen who had been selling cars from the front portion of this property for many years. I find no reason which would prohibit you from applying for a Class 2 license from the Board of Selectmen.

If there is any further question, please contact me.

Very truly yours,

George A. Scraggs
