Dear Karen,

I have found the task of writing a letter that fully encompasses the degree to which, put bluntly, lies are the only thing that have kept the tale of "it's always been" alive, and growing, to be akin to writing a short novel.

Rather than over burden the ZBA with likely duplicate material, I will speak at the public hearing and submit a letter either to be included with a continuance or just put on record as a possible aid for someone in the future. Please treat this email as needed so it becomes record and public document.

I wish to make clear, that I fully believe according to fact, the cease and desist is warranted and long over due.

The car port, should be removed, as no matter how one views the grandfathering issue, it increases structure and use. Very concerning is it has been used to hide the washing of cars. This is illegal at any business in Stow, unless they have an approved holding tank for all run off to be routed to and then collected by an approved service, per Department of Environmental Protection Federal and Massachusetts regulations.

Sincerely,

Dorothy Granat

Yes. If you want the correspondence included in the members' I should have it today. I'm in the process of compiling the packet now and will finish it up tomorrow afternoon.

I'm leaving the office in about 20 minutes. If you plan on dropping it off, you can leave it in the cabinet for me to retrieve tomorrow. Otherwise you can send it via email.
