Hi Karen, thank you for the heads up on that.

They plan on removing the red barn as soon as the new facility is finished and also plan on removing the yellow barn soon thereafter. They are exploring a new indoor/outdoor driving range in their place.

Hi Dan and George,
Just wanted to give you a heads up that an abutter stopped by the office to review the plan and voiced concern about the access drive. You should be prepared to answer to the question as to why an access drive to Randall Road is necessary for the proposed maintenance building and why the existing access from Randall Road can't be used. Also, are any of the existing maintenance buildings proposed to be removed?
