Subject: Stow Acres Comprehensive Permit

Good Morning Michael,

After looking over the "B" sized drawings, I would like the "D" sized version. My old eyes need as much help as possible.

The Executive Summary identifies three separate comprehensive permits are required. Will we be required to submit three sperate decisions? If so we will need to discuss each permit separately during the hearings. How we approach this needs to be clarified with Town Counsel.

The exceptions to local requirements identifies the "Stow Subdivision Rules & Regulations". They do apply to the comprehensive permits and any wavers need to be identified.

Do you have a copy of the Stormwater Management Plan?

Ernie
