Michael,

We also need to receive in writing what the minimum street width should be for the roads, including the alleys, should be in the development. I think it is 20 feet.

Ernie

**Subject:** Highway Department's Policy

Michael,

Would you ask the Highway Department for their position on plowing private ways. The Stow Acres development will have a significant array of streets and alleys that need to be plowed. They do plow many private ways in Stow! Do they plow Arbor Glen and the Regency private ways? The property owners in these and the future Stow Acres are paying significant property taxes. The HOA, 62+ and Apartment sections should not have to pay for plowing.

Thank you,  
Ernie
